

Use Google Book Search to search for and identify relevant books. Then read UT's copy!

1. Search inside of millions of books using Google Book Search. Results show which books have relevant content and which pages may be the most helpful.

2. Determine if Google offers a complete copy of the book or a limited preview. Copyrighted books will usually only allow a brief preview. Go to UT Library Catalog (<http://catalog.lib.utexas.edu/>) to search for a local copy of these titles.
